

FRANCESCO BARILE

Bayesian Statistics · Network Modeling · Computational Statistics

✉ francesco.barile@unimib.it | 🏠 [Personal Page](#) |  [ORCID](#) |  [GitHub](#)

RESEARCH PROFILE

My research lies at the intersection of **Bayesian statistics**, **Bayesian nonparametrics**, **network science**, and **computational statistics**. I develop flexible statistical models and scalable computational methods for the analysis of complex, heterogeneous, and high-dimensional data.

A central theme of my work is the development of **flexible models for networked data**. I am also interested in modeling **dependence** across related populations and developing Bayesian nonparametric methods that accommodate heterogeneity across distributions while enabling efficient statistical inference.

My research takes an **application-oriented perspective**, with the goal of addressing practical challenges through methodological advances in statistical modeling and inference.

ACADEMIC POSITIONS

University of Milano-Bicocca, Milan, Italy

• **Postdoctoral Research Fellow**

Mar 2025 – present

(*Assegno di Ricerca*, pursuant to Article 22 of Italian Law No. 240/2010)

Department of Economics, Management and Statistics

Project: Joint Bayesian Learning of Related Clinical Studies [\[link\]](#)

Project PI: Prof. Bernardo Nipoti, University of Milano-Bicocca

Partner unit coordinator: Prof. Francesco C. Stingo, University of Florence

Funding: Fondazione Cariplo

EDUCATION

University of Milano-Bicocca, Milan, Italy

• **Ph.D. in Statistics**

2020 – 2024

Department of Economics, Management and Statistics

Defense: Feb. 14, 2025

Thesis: “Advances in Bayesian Methods: Nonparametric Network Modeling and Scalable Computations” **Final evaluation: Excellent**

Supervisor: Prof. Bernardo Nipoti

University of Calabria, Rende, Italy

• **M.Sc. in Finance and Insurance** (English)

2016 – 2019

Department of Economics, Statistics and Finance

Thesis: “Estimating Stochastic Models for Commodity Futures”

110/110 cum laude

Supervisor: Prof. Arturo Leccadito

• **B.Sc. in Statistics for Business and Insurance**

2012 – 2015

Department of Economics, Statistics and Finance

Thesis: “Test di Wilcoxon: applicazioni in ambito medico-farmaceutico”

110/110 cum laude

Supervisor: Prof. Agostino Tarsitano

RESEARCH INTERESTS

Bayesian statistics; Bayesian nonparametrics; network modeling; statistical learning; computational statistics.

RESEARCH VISITS

- **Visiting Researcher**

Nov 2023 – Aug 2024

Lancaster University, Lancaster, United Kingdom
School of Mathematical Sciences
Supervisor: Prof. Christopher Nemeth

- **Visiting Graduate Student (Research Only)**

Aug – Dec 2018

University of Western Ontario, London, Canada
Department of Statistical and Actuarial Sciences
Supervisor: Prof. Rogemar Mamon
Research topic: Statistical modeling of lumber price dynamics

TEACHING

■ University of Milano-Bicocca, Department of Economics, Management and Statistics

- **Inferential Statistics / Advanced Statistics** [English] (joint class)

2026/2027

Master's Degrees in International Economics and
Marketing and Global Markets

Adjunct Lecturer

- **Industrial Economics and Dynamics** [Italian]

2021/2022

Master's Degree in Statistical and Economic Sciences

Teaching Assistant

- **Inferential Statistics** [English], Master's Degree in International Economics

2025/2026

- **Inferential Statistics** [English], Master's Degree in International Economics

2024/2025

- **Advanced Statistics** [English], Master's Degree in Marketing and Global Markets

2024/2025

- **Inferential Statistics** [English], Master's Degree in International Economics

2023/2024

- **Advanced Statistics** [English], Master's Degree in Marketing and Global Markets

2023/2024

- **Inferential Statistics** [English], Master's Degree in International Economics

2022/2023

Teaching experience includes statistical inference, probability, descriptive statistics, sampling distributions, estimation, hypothesis testing, correlation, and quantitative data analysis.

PRESENTATIONS AND SEMINARS

INVITED PRESENTATIONS

- CFE-CMStatistics 2026, HTW Berlin, University of Applied Sciences, Berlin, Germany

Dec 12–14, 2026

- StaTalk 2025, University of Milano-Bicocca, Milan, Italy

Jun 13–14, 2025

- ECOSTA 2023, Waseda University, Tokyo, Japan

Aug 1–3, 2023

CONTRIBUTED PRESENTATIONS

- BAYSM 2023, Online

Nov 13–17, 2023

POSTERS

- ISBA 2026, Nagoya, Japan
- BayesComp 2025, Singapore
- SISBayes 2025, Padova, Italy
- Complex Graphical Models for Biological Network Science, Padova, Italy
- ISBA 2024, Venice, Italy
- IMS ICSDS 2022, Florence, Italy

Jun 28 – Jul 3, 2026

Jun 16–20, 2025

Sep 4–5, 2025

Sep 4, 2024

Jul 1–7, 2024

Dec 13–16, 2022

SEMINARS

- Computational Statistics and Machine Learning Seminar Series, School of Mathematical Sciences, Lancaster University, Lancaster, UK

Feb 2024

WORKSHOPS

- Data Research Camp 2022, VIU, San Servolo Island, Venice, Italy

Jul 12–15, 2022

ACADEMIC SERVICE

CONFERENCE ORGANIZATION

- Organizer and Chair, “Recent advances in Bayesian variable selection and shrinkage”, CFE-CMStatistics 2026 [\[link\]](#)

Dec 2026

PEER REVIEW

- Reviewer for *Computational Statistics & Data Analysis*
- Reviewer for *Communications in Statistics – Simulation and Computation*
- Reviewer for *IEEE Journal of Biomedical and Health Informatics*

PROFESSIONAL MEMBERSHIPS

- International Society for Bayesian Analysis (ISBA), Junior ISBA, BNP-ISBA
- Italian Statistical Society (SIS), Young SIS

STUDENT SUPERVISION

- Co-supervisor of one Master’s thesis, Master’s Degree in Statistical and Economic Sciences, University of Milano-Bicocca

SCHOLARSHIPS AND AWARDS

• ISBA 2026 Junior Travel Support

2026

International Society for Bayesian Analysis

• BayesComp 2025 Junior Travel Support

2025

Bayesian Computation Conference, Singapore

• Extra-UE Mobility Grant

2023

University of Milano-Bicocca

• Ph.D. Scholarship

2020

University of Milano-Bicocca

• Overseas Research Scholarship

2018

University of Calabria

COMPUTATIONAL SKILLS

Programming

R, C++, Python (basic), MATLAB (basic), SQL, Java, L^AT_EX

Statistical software SAS, Stata, RStudio

Research computing C++-based R package development; parallel computing; Bayesian computation; Monte Carlo methods; reproducible statistical research; version control with Git/GitHub; scientific programming.

ADDITIONAL PROFESSIONAL EXPERIENCE

Junior Data Scientist, CRIF S.p.A., Cosenza, Italy

Apr 2019 – Sep 2020

Degree Program Tutor, University of Calabria, Rende, Italy

Feb – Jul 2018

Apr – Oct 2017

LANGUAGES

Italian Mother tongue

English Fluent

French Basic
